

WEEK COMMENCING 19TH APRIL 2021

PLAYDAYS NURSERY

FARNBOROUGH

What have we been up to?

Baby Centre- This week we are following on with our theme of sea animals! We have been looking at emptying and filling of water and have included animals that live in the sea to our sensory play. This has encouraged lots of communication and language and we have learnt lots of new words

Hedgehogs- This week in Hedgehogs we have enjoyed the theme of dinosaurs! This has stemmed from a lot of the children's interests and we have developed this into lots of learning opportunities including; creating dinosaur eggs, a dinosaur tuff tray and dinosaur painting.

Pre-school- This week we have been developing our theme of growth. We have loved watching the chicks hatch and having the opportunity to watch and experience this first hand. We are looking at the cycle in which our little chicks grow and have really enjoyed learning about this life cycle. All the children have been showing great care for the chicks and have been so gentle when handling them

Celebrations

This week we have all celebrated the Queen's birthday by decorating cakes, making our own finger sandwiches, and creating crowns!

We have also celebrated St. George's Day

We are focusing on 'Growing Gardeners' as our play at home initiatives this month. Please see the memo section on Tapestry for further information and activities.

Uniform

Uniform is available for you to purchase (for all ages).

Having a nursery uniform has lots of benefits, including saving your everyday clothes from general mess and staining, prepares children starting school soon for getting dressed into a uniform in the mornings and it helps the children feel part of the team (matching staff uniform is available!)

Covid 19

It's great that things are getting back to 'normal' but please can we remind you to test yourselves regularly (using government issued lateral flow tests) and if you, your child(ren) or anyone in your household displays symptoms of COVID 19 you must isolate and get a PCR test, at a testing site or by booking a home test kit, asap. If you have come into contact with someone who has tested positive for COVID 19 you MUST isolate for 10 days. We will continue to send children home and request that they have a test if they display symptoms of COVID 19 at nursery. Please also ensure that you are following government guidelines at all times and limit the number of people you are seeing outside of your household. If you have any questions, please let us know
